

# Colourless glass containers

**YES**

- Jars
- Bottles

**NO**

- Drinking glass
- Containers that have not been emptied
- Coloured glass containers
- Window panes
- Containers with the hazard symbols below
- Containers that have contained cytostatics or antibiotics
- Ceramic
- Light sources
- Porcelain
- Mirror glass

## Hints and advice

The containers must be empty and visibly clean. Remove removable lids, corks and tops and sort them according to material. Plastic, metal and rubber parts that are difficult to remove can be left on.

## Hazard symbols

Environmentally harmful

Toxic/  
very toxic
